

## A Weekly Overview

### What are we doing in Class One this week?

\*This week we will be having two transition days. On Wednesday and Thursday the Reception children will be visiting Class 2 for the majority of the day. Nursery children will be working as Reception children as well as making new friends with the new Nursery and Reception children that are coming in for their visits.

\*During transition the whole school will focus on Growth Mind-set. This is a theory that intelligence and abilities can be developed through effort, persistence, trying different strategies and learning from mistakes...we can't do it yet but we can achieve anything if we try! This is the opposite of fixed mind-set where people believe that our intelligence and abilities are fixed traits; something that you are born with and that you can't really do anything about.

\*Thank you to all those current Nursery parents that came along to our 'Meet the Teacher' evening. It was great to see some familiar faces and we hope you found the evening useful.

\*Cookery club returns this week! Please can all children bring a named container. Thank you.

\*Sports Day notice for Nursery - although Nursery children will not be involved in the team events, you are more than welcome to come and join us for our family picnic beforehand and to enjoy the atmosphere from our Sports afternoon.

### Summer Term 2 - Week 4

*Personal, Social & Emotional Development	This week in PSHE, we will be moving up to our new year groups and sharing our experiences with the rest of the children.
*Communication & Language *Literacy	Over the next two weeks the children will be writing their alternative Handa's Surprise stories.
*Maths	This week in Mathematics Nursery children will be consolidating their 1-1 counting

## Oulton C.E. First School

Hand in hand learning together because every child matters to us

	correspondence learning. They will be practising using a dice correctly by counting the spots to play games as well as playing with dominoes. Reception children will be revisiting and consolidating their learning on subtraction.
* Understanding the World	This week we will be experimenting with smoothies! Children will design and create their own smoothies as well as collecting data about their friend's favourite fruit using a tally chart.
*Physical Development (PE Day - Wednesday)	This half term we will be outdoors learning different games skills in preparation for Sports Day.
*Expressive Arts & Design	This week in creative the children will be painting and decorating their Minibeast constructions they created last week.
